ABOUT ME

I graduated from the software engineering department at Fırat University. Patika.dev and Arvato Supply Chain Solutions I participated in the .net bootcamp organized by companies. I am currently working as a Test Engineer at Vodafone and Magis companies. I am interested in web application development. The software languages that I use in my career and try to improve myself are Asp.NET MVC, .NET CORE, C#, mssql, PostgreSQL, Golang. I am developing an application as a Backend Developer. You can review my work on Github. https://github.com/malikagan48

WORK EXPERIENCE

High School Internship
ADM ELECTRICITY [13/09/2015 – 16/06/2016]

I completed my long-term internship in high school in the IT department. During my internship, I worked on adm programs c# and sql.

Software Engineering Intern
Uzman CRM [25/07/2021 – 19/09/2021]

I have completed my 40-day compulsory professional practice training. I worked on SQL and ASP.NET in the company.

Software Engineering Full Stack Intern (C#,Vue.js)
Softtech A.Ş. [20/02/2022 – 06/06/2022]

I spent my Spring Semester Workplace training at Softtech. I worked as frontend and backend in the card acceptance platform team. I took part in active projects over C# and Vue.js.

QA Test Engineer
Vodafone [01/01/2023 – Current]

I was involved in a project within Vodafone. I am reporting on the applications I have used on the project, siebel, simple sql, jira and excel.
